Education

University of California, Berkeley (UCB), California, United States

Ph.D. in Economics (2026-).

Pontificia Universidad Católica del Perú (PUCP), Lima, Peru

B.Sc. and Licentiate in Mathematics (2020–2025), graduated with honors. Graduate-level coursework in Applied Mathematics and Economics (2023–2025).

Year completed abroad at EPFL, studying physics (2019).

Relevant coursework [here](#).

Lycée Franco-Péruvien, Lima, Peru

Baccalauréat Scientifique (2017–2018), 19.91/20.

Experience

Research Assistant (2021-)

With Professor [Juan Carlos Carbajal](#). 2024-2026. [UNSW](#) Sydney, Au.

With Professor [Jorge Richard Chávez](#). 2021-2025. [PUCP](#), Lima, Pe.

With Professor [Juan León Jara](#). 2022-2023. [GRADE](#), Lima, Pe.

Teaching Assistant (2022-)

Microeconomics 1. With Professor [José David Gallardo Kú](#).

Mathematics for Economics and Finance 3. With Professor Jorge Richard Chávez.

Mathematics for Economists 4. With Professor Jorge Richard Chávez.

Operation Research. With Professor Jorge Richard Chávez.

Guest professor: [Federico Echenique](#) (UC Berkeley).

Functional Analysis. With Professor [Percy Braulio Fernández](#).

Microeconomics 2. With Professor [Pavel Coronado Castellanos](#).

Financial Microeconomics. With Professor [José David Gallardo Kú](#).

Applied Differential Equations. With Professor [Marcelo Flamarion](#).

Papers

[A Daily Index of Economic and Political Uncertainty for Peru from X Discourse](#) (2026). With [Manuel Loaiza](#) and [Gabriel Rodriguez](#).

[Congestion and Penalization in Optimal Transport](#) (2025). With [Manuel Loaiza](#) and Jorge Chávez. *R&R at Decisions in Economics and Finance* (*Springer*). arXiv:2410.07363

[Interiority in Optimal Transport with Congestion and Penalized Marginals](#) (2026). With Haopeng Zhou.

[Heterogenous Quadratic Regularization in Optimal Transport](#) (2025). With [Manuel Loaiza](#) and Jorge Chávez. *Presented at XXXVIII Colloquium of the Peruvian Mathematical Society.*

[Exact Regularization Thresholds for Integer Quadratic Transport](#) (2026). *Corrects and extends the paper above.*

Working papers

[Innovation and Isolation: Status Rents and Endogenous Networks](#) (2026).

Information and voting: Evidence from Peru's 2026 presidential election (2026). arXiv:2606.01687 With Nicolás Velarde and Cristina Gutarra. Accepted for presentation at LACEA-LAMES 2026 in Lima, Peru.

The Market and the Jungle: Dual Economies in Emerging Countries (2026). With [Juan Carlos Carbajal](#) and [César Martinelli](#).

Field Experiments on Seasonal Products and Markdown Pricing (2026). With [Carlos Noton](#) and [Marcelo Olivares](#).

Work in progress

Dynamic Programming and Production Networks: Continuous Families of Contractions with Discontinuous Fixed Points (2026). With Gabriel Orellano.

Competitive Screening as Weak Optimal Transport (2026). With [Yu-Ting Ho](#) and [Pan-Yang Su](#).

Books

[Dynamical Systems and Optimal Control for Economists](#) (2026). With Jorge Chávez. *Under revision at Springer Verlag.*

[Linear Algebra and Optimization for Economists](#) (2025). With Jorge Chávez. Foreword from Professor [César Martinelli](#). Published by the [Fondo Editorial PUCP](#).

[Optimal Transport Theory and its Applications in Economics and Finance](#) (2024). With Carlos Cosentino and Gabriel Orellano. *Working book.*

[Fundamentals of Econometric Theory](#) (2025). With Juan León Jara-Almonte. Published at Decon PUCP.

Awards and distinctions

Ranked 1st in the Mathematics major and within the top 1.15% of my cohort of the Faculty of Sciences and Engineering, PUCP, Lima, Pe, 2025.

Excellence Scholarship. PUCP, Lima, Pe, 2024.

Winner of the contest "Initiation to Scientific Research." PUCP, Lima, Pe, 2020 and 2021.

Admission to the Bachelor's Program at [École Polytechnique \(l'X\)](#). Paris, Fr, 2019.

Mention Très Bien at the French Baccalauréat (BAC S). [Lycée Franco-Péruvien](#), Lima, Pe, 2018.

Languages

Spanish (native), French (advanced), English (advanced), Portuguese (basic).

Research interests

VCG-based foundations of general equilibrium. Optimal Transport-based Matching Theory. Mathematical Economics.

Academic presentations

XXXVIII Colloquium of the Peruvian Mathematical Society. August. 2025.
XIV Economics Students' Assembly Colloquium, PUCP. June 2026.
